

Thank you for taking time to look over this survey.

A working group consisting of The Enterprise Foundation, Santa Fe Community Housing Trust and the City of Santa Fe has been established to explore the creation of affordable work live housing for artists and craftspeople. The following survey is being conducted to gather basic information about the specific needs of artisans and craftspeople.

This information will be used to guide a Design Charette planned for the upcoming Santa Fe Design Week with the ultimate goal being the eventual development of truly progressive work-live housing.

Please forward this to other potentially interested parties and feel free to contact me with any questions or comments,

Thank You,

Daniel Werwath
